Newspaper Subscriptions.

Whatever else one can say in truth of Indiana, it must be conceded the possession of some sound thinkers in its judiciary. One rendered a decision, which constitutes a precedent quite valuable to newspaper publishers everywhere. In the Circuit Court of Kosciusko County, the Northern Indiana brought suit against one William Duval to obtain the money due it on a subscription covering fifteen years and three months. The court awarded the newspaper \$22.85, the total amount claimed, and allowed costs of some \$30 besides.

It was shown in the evidence that Duval ordered the paper in 1882, and continued to take it from the postoffice until December, 1897, when he ordered it discontinued and failed to make a settlement. During the period of delinquency a statement of his account was sent him semi-annually. He was also personally seen several times by a representative of the paper to whom he said he did not intend to pay, alleging as a reason that he had never ordered the paper. Upon the witness stand Duval showed a receipt for four months' subscription declaring he ordered the paper for that length of time only. He did not deny, however, that he continued to take it from the postoffice. The court held that as long as Duval took the paper from the postoffice he received property of value and was therefore made liable for the payment for that property.

Every newspaper has subscribers who are willing to take and read the paper, but either refuse positively to pay for the paper or who are a long time liquidating their bills. This cited decision will perhaps tend to make such persons more prompt in the payment of newspaper debts.—Editorial in Newspaper.

Senator Blackburn to Marry.

Mrs. Mary E. Blackburn, for several years a clerk in the Quartermaster General's office of the War department, has resigned her position, in order to become the bride of Joseph C. S. Blackburn, United States Senator from Kentucky. Last week she was at Cape May, N. J., as the guest of the Senator and his daughter, Mrs. Hall. The wedding is expected to take place before the assembling of Congress. Mrs. Blackburn is the widow of the late Judge H. H. Blackburn, of Martinsburg, W. Va., a distant relative of the Kentucky Senator.—Inter Ocean.

Senator Blackburn was at the Winchester Fair Tuesday and declined the report that he is to marry. A Correction.

In our last issue we stated that oil had been struck at Farmers, Ky. A stockholder gave us the information, but last week informed us that the report was not correct.

We regard as frivolous the question, "Did McKinley or Hanna send those rains to the blistering States of the West?" What's the difference? Mr. Hanna knows the workings of the President's evil machine as well as the President does himself. Mr. Hanna flatters himself that he can maintain a reasonable degree of dampness for eight years after the 4th of March, 1885.

Who Permits Gambling?

In commenting on gambling in the city of Lexington, the editor of the Morning Herald says:

"Gambling can never be successfully carried on in any city for any considerable length of time unless it has the active or silent protection of the authorities—both state and municipal. Under the statute it is as much the duty of the state authorities to arrest, break up and prevent as it is of the municipal authorities, and it is not just to hold the police and city authorities to any greater blame and responsibility than the Sheriff, his deputies, the constables and magistrates. Protection, therefore, must be given by both sets of officers to complete."

"Gambling is somewhat like lynching—every one knows where it is and who does it, or can find out if he desires except the officers of the law; they are gambling blind and betting deaf—like some men are color-blind and music-deaf. They can not see gamblers go up any steps or know where 'rooms' are and the cheerful full of the elips and the sweet call of 'next' convey no sound or meaning to their official ears."

These are plain words and should be considered by every community.

Tobacco.

A lot of 15 lbs. of whitebury tobacco, grown by F. P. and W. L. Yumey, at New Liberty, Ky., sold in Cincinnati Thursday, and brought the highest price paid since 1891, ranging from \$15 to \$25.75 per hundred. The trust was the heaviest purchasers.

Cocaine Habit.

An ordinance has been introduced before the city council at Lancaster to stop the sale of cocaine and morphine by the drugstores, except on specific prescriptions and then only in cases of actual sickness.

The cocaine habit has assumed such proportions as to require special legislation to stamp it out.

A Correction.

In our last issue we stated that oil had been struck at Farmers, Ky. A stockholder gave us the information, but last week informed us that the report was not correct.

We regard as frivolous the question, "Did McKinley or Hanna send those rains to the blistering States of the West?" What's the difference? Did Col. Colson Say So?

David G. Colson, ex-Congressman called at Canton, O., last week to see the President. A dispatch says:

Mr. Colson said he is disgusted not only with the Sapp fight, but with the entire Republican party in Kentucky. He admitted that the Democrats of the Blue Grass State have the Republicans whipped to a finish, in spite of all the work that may be done by the Republicans partly between this and the election. Colson said that the Democrats will have a majority in the next Legislature and will elect a United States Senator sure.

Mr. Rockefeller's Great Wealth.

The statement is published upon the authority of a Wall street banker who has close business relationship with the Standard Oil Company that John D. Rockefeller's wealth is now nearly \$1,000,000,000. The following table of the oil king's holdings is given:

Standard Oil stock, \$100,000,000; United States Steel stock, \$75,000,000; Amalgamated Copper, \$50,000,000; American Sugar, \$20,000,000; gas companies in Greater New York, \$85,000,000; gas companies in other cities, \$50,000,000; railway securities, \$200,000,000; industrial and miscellaneous, \$150,000,000; realty, \$15,000,000. Total, \$915,000,000.

"I don't think any man wild deny that Mr. Rockefeller has made an average of \$30,000,000 a year for ten years."

Refuses to Sign.

The foreign ministers had arranged to sign the settlement protocol on August 6, but British Minister Satow notified his colleagues that Great Britain was unable to sign. He gave no reasons and the meeting was indefinitely postponed.

Brooklyn Bridge.

As a result of recent breaks, plans for increasing the strength and practically doubling the carrying capacity of the Brooklyn Bridge have been prepared by William Hilditch. His idea is to erect another structure above the one now in use and similar to it.

Under an Assumed Name.

Frank Brown, the Newport bank defaulter, is now employed in a clerical capacity in the American Consulate on the Island of Alton, Spanish Honduras. In a letter received he says he is under an assumed name and is much encouraged over his prospects. There are only five Americans on the Island, Brown says, and they are all fugitive defaulters. He writes that the salary attached to his new position is not large, but sufficient to keep him in comfort. He still hopes he will yet discover a gold mine in the interior and settle his defalcation.

Killing in Rowan.

Near Bradys Joe Stultz and John Hicks quarreled and Stultz shot and killed Hicks. Stultz attempted to make his escape on a C. & O. freight train, but when near Salt Lick, he was detected by a trainman, who locked him up in a box car and delivered him to Salt Lick officials. He was taken to Morehead.

Election Officers Indicted.

Indictments against twenty-five judges and clerks of election for making false canvass and returns east last fall for County Commissioners were returned by the grand jury at Chicago August 3. The indicted men are about equally divided between Democratic and Republican parties.

The Ministerial Inquiry.

Probably it was a midsummer diversion on the part of the reverend members of the Cincinnati Presbytery which led them to discuss that very delicate topic—the kind of a woman a minister should marry. With a rare discretion the good brethren allotted the discussion to the two unmarried members of the presbytery, and declined to state whether experience in venturing the marital lottery had enlightened them, or had only further perplexed them. If one knew whether to take the ministers seriously in this discussion of so worldly a topic there might be less danger of giving offense through irrelevance, or laying oneself open to the charge of irreverence. But, taking the ministers seriously—for they are serious men, though some of them are prone to crack a joke—is there any reason why a minister's wife should be different from any other man's wife? There may be causes which necessitate an entirely original type of femininity for the helpmate of a minister, but the lay mind, not being so keen and penetrating as the clerical, has probably failed to perceive them. In either event it is an effort on the masculine side to realize his ideals. In any event, if the unmarried members of the Cincinnati Presbytery are in doubt as to the kind of a woman to select for a wife the advice is tendered to them not to consult their fellows, but the female members of the flock. Such a thing has been known as the congregation selecting a wife for the minister—indeed, it has been hinted that this is one of the favorite feminine pastimes.—Cincinnati Enquirer.

Here's one that came in from Kansas just after the last rain: "Pokesy Jones had a scrap with a neighbor and bit off a piece of his ear. 'I will fine you \$10 and bind you to keep the peace,' said the Justice. 'Can't do it,' said Pokesy, 'I swallowed it.'"

Products of Christianity.

Surely there has never been shown a better illustration of what the religion of Christ does for men than we have witnessed in the late war. Our men were not all Christians; it is true, but they were the products of a Christian civilization.

Courage, and honor and humanity are some of the lessons that Christianity teaches. The testimony of more than one commander has been for the efficiency of the Christian soldier as compared with others. Let us remember that whatever we have that is worthy of glorying in, whatever we have of real strength as a people, is one of the victories of Christianity.

In all our large cities there are thousands of boys and girls who never hear the name of God, except when it is mingled with coarse, angry words. If they ever become Christians, it will be by some one going to where they are, or going after them and telling them about Christ. One great field for mission work is in our large cities. We must have money not only to send teachers and preachers to teach the neglected ones, but to see that they have food and clothes.

A Miniature Railway.

One of the greatest novelties of the age is the Miniature Rail road, the smallest steam railroad in the world. The gauge is 15 inches; the height, 36 inches from top of rail to top of stock on 200 motore. Each passenger coach accommodates two persons, either adult or children, and is six feet long and 21 inches wide. A man standing beside the engine is from two to three feet above its top, and yet this midget runs 12 miles an hour. It works just like the big railroad trains, and will be one of the features at the Mt. Sterling Street Fair and Carnival August 21-22. Every child in the State should see and ride it.

COMMENDABLE.

At their regular meeting on Tuesday night the A. O. U. W. decided not to sell any privilege which would enable the purchaser to sell intoxicating liquors on the Midway during the Street Fair. This is commendable.

It fair can not be a success without the sale of intoxicants, gambling and naked women dancing, it were good for the city and county to have no fair. We have heard of such things being encouraged and permitted in a neighboring county (not however under the auspices of the A. O. U. W., and Red Men.)

We place such an high estimate upon the gentlemen of this community connected with the fair as to think that they have too much self respect and love for their fellowmen and everything that makes a community praiseworthy to permit such practices.

We trust that our confidence will not be shattered.

The Orders giving the Fair are going to have an orderly time and every one will be protected by the police officers. No extortion will be permitted, though any privilege to see goes broke. No sale of intoxicants by the orders, neither will any side issues be permitted.

That a railroad will be constructed from Paris to Mt. Sterling with an outlet through by West Liberty, Salyersville, Prestonsburg to a connection with the Norfolk & Western, we verily believe.

It is said a company will be here to go down in the earth about 2500 feet in search of gas. The parties have great faith and are willing to give time and money.

Democracy in Montgomery and Monette is said. No trouble outside.

The Senatorial District is Democratic through and through, inside and out.

The Mt. Sterling Street Fair and Carnival will be a great success. Every body will be here.

The business of Mt. Sterling is increasing rapidly and houses are going up in almost every direction.

Montgomery County Democrats haven't a thing to quarrel about now. A full vote from now on can be expected.

It is said an electric railroad will be constructed from Sharpsburg to Mt. Sterling and from Sharpsburg to Oeingville in a short time. Such an enterprise would become a paying investment.

It has been said by some over zealous Republicans that somehow when a Republican administration reigns it is always successful; that the good Lord favors their works.

A black man has as much right to carry a pistol as has a white man. The practice indicates that the carrier is either a coward, a bad man or has a very low conception of what manhood is.

It is true money is slow to exchange hands, but our people who have faith that the rains will come in due time and that we will have plenty and to spare will loosen their purse strings that the stuff may circulate.

Rowan County Candidate.

Last week while attending the Bracken Association of Baptists in session at Morehead, Rowan county, we had the pleasure of meeting Miss Cora Wilson, Democratic nominee for Superintendent of County Schools. She is a very pleasant young woman, bright, quite thoroughly imbued with the interests of the public schools. She wants to see Rowan county schools the best and her knowledge of the work, her fitness for the place, determination, energy and progressiveness goes along with the fact that I knew her well, reared and educated she will be thoroughly practical, bringing about the very best results without any kind of a jar.

We were delighted to learn that the people favored electing to this position the person best qualified for the place; one who would care for the interest of the entire county regardless of what is termed political favors. Montgomery county schools are being conducted in this way and the people are for the most part doing well. We hope the schools will be less touchy and that they are using the most acceptable methods. From what we could gather, this gifted young woman, Miss Cora Wilson, will receive the support of the greater part of Rowan county voters, not that she is a Democrat so much as a competent, industrious Kentucky woman, ambitious and desirous of adding in making her county's schools the best.

Miss Wilson is a daughter of Dr. J. Wilson of Morehead, and was born in Montgomery county.

A Delightful
entertainment was given on Saturday afternoon by Mrs. John C. Thompson in honor of her little daughter, Pattie, aged three years, to many of the young children in town. Among the girls were some who can only say: "Dad, Dad" who have four teeth more or less, and "get there" by rolling.

Democratic Convocation.

Whereas, the Committee in call for a Democratic Legislative convention to meet at Chamberlin's Station on the 15th day of August, 1901, failed to designate the hour for meeting. Now by the authority vested in me as the Chairman of said Committee, I proclaim that the said convention will be called to order at the hour of 10 o'clock, a.m., sun time, Thursday, Aug. 15th, 1901. Precinct meetings at 2 o'clock p.m., Aug. 15th.

Gone to Texas.

Dr. W. O. B. Remy has been a resident of Menifee county, Ky., since 1887, and of that time has lived at Rothwell since 1897. On last Wednesday he and his family left for Wilmer, Dallas county, Texas, where they will make their future home. Since 1887 he has been a practicing physician. He is a member of the Medical Society of New York; of the Medical Association of Physicians and Surgeons and Medical Surgical Society of Ohio. Prior to his departure for Texas he was Medical Referee of Menifee county and President of the local Board of Health. He goes forth with our best wishes that he may be prosperous, helpful and happy in his new home.

Returning, this train will leave Lexington at 9:30 p. m., pass Winchester at 10:10 p. m., and arrive at Mt. Sterling 10:40 p. m.

This service will be in addition to regular trains, and will be a great convenience to passengers.

Careless Shooting in Town.

On Saturday night about midnight dogs were creating a disturbance in the northwest part of town, and some neighbor tried to quiet them. The bullet struck the residence of Rev. H. D. Clark, passing through the window sash, both walls of the room, hitting a bureau. The bullet was picked up from the floor in the room where the little daughter was sleeping. The bed room is on the second floor. There is need of care in shooting in town.

Stop Them Before They Do
Worse.

On Wednesday evening some boys stretched a wire across the pavement near the residence of Dr. Shirley, E. A. Ford in passing walked against this wire. Besides having his leg skinned he was thrown with great force. Fortunately he escaped without serious injury. The boys who were engaged in this thoughtless or mischievous pastime are known and should be so doctored that they will not again stretch wire. A word of admonition and a shingle might save them.

Killing in Bath.

A dispatch from Owingsville on Monday, August 5, says:

"Near Salt Lick, James Perry, a farmer, was killed by John Flannery, an employee of E. W. Strode, at Yale, Ky. Perry had been to Salt Lick to a circus. Flannery had quarreled with a man named Day. Perry, with two friends, was going home when Flannery and a man named Alfrey came up behind him. Flannery fired on Perry with a revolver, the ball striking Perry. The shooting occurred late on Saturday, August 3, near the C. & O. depot. Perry lived until Monday morning at one o'clock. Later reports say that four or five shots were fired, and that there were other men with Flannery and Lev Alfrey. Constable Dickerson at once went to Yale and arrested Alfrey. The report about Day was not confirmed. Flannery was not arrested at last report. Flannery stated he supposed Perry was Day with whom he had quarreled that day."

James Delaney, a policeman of Lexington, has been dismissed from the service. Chief of Police Ross reported him as under the influence of liquor. This should be a warning to all policemen who are under such a chief as Mr. Ross.

Accused of Selling Out.

Political and other circles in Lexington have been agitated with the past week because of sensational statements made by John McLoughlin, the Phoenix Hotel room manager, who said to an Evening Post correspondent:

"The Mayor wants the grand jury to sift this matter to the bottom. He bewails the fact that the courts have not been able to stop gamblers from the people's what Mr. Duncan has done to the street gambling which would scatter the City Hall from under him before he got back from Buffalo. I can state that the energy, work and money of Lexington gamblers elected him to office and that they were promised protection, and his Police Commissioner, Ernest March, forced the Mayor to move me around, as if I was a white check on a faro layout."

It appears incredible that Mayor Duncan should have acted with so little judgment. We await developments before regarding him as guilty.

To the Public at Large:
I wish to call the attention of all good
loyal respectful people both male and
female and of all colors, it matters not
whether you are red black blushing or a
muckie dum, so you lack sufficient brains
to receive a good moral education a long
the humanities of the world. It ap-
pears to me after a close observation of
the human race the whole world is becoming
more corrupt and faster in sin than time rules by.
I think that the great master intended
for things to run in this beautiful

never intended for men to make money in
such shapes and ways off each other as
the air doings now. I believe the world
of the world will be told better off if there
had never bin such a thing as money, it
has made man both hogish and sinful in
all business of life, man will do any-
thing that can be fun for money, whether
the good master intended for the dollar
to take his place in this world or not the
has done so. The power of money has
but put the head of the world in the hole
of Hill," which is a beautiful part of
the grounds, now occupied by the poor from
Indianapolis, brought here by the Fresh
Air Fund. At one of the meetings some
one suggested that it would be well if
some of the poor boys in our crowded
cities could enjoy the delights of Winona.
Immediately a committee was formed,
an offering gathered and the movement
started. The reporter of the Indianapolis
News became greatly interested,
and through his paper and the efforts of
the visitors here, several hundred dollars
were soon secured. The camp was speed-
ily equipped, the children in the city
came to the camp and brought their
and last week the first group came for
two weeks. There were few in the crowd
who greeted them at the station who
could keep back the tears. There were
twenty tired mothers, some with babies,
one with twins. Most of these people
had never been in the country before
they were soon seated in the wagons pro-
vided. Then came forty girls, and last
seventy-five boys. Headed by the Wil-
lows band, the procession marched to
Chicago Hill where a beautiful supper
was waiting. The camp is very complete
having even a regular physician with his
medicine—which have not been needed
yet. A number of trained attendants are
present so that the mothers are relieved
of all responsibility. The ladies in the
hotels and cottages are spending their
time in making new clothes for the
children. What glorious times they are
having—swimming lessons every morn-
ing, boat rides, baseball games and all
kinds of sports.

There have never been so many visitors
at Winona Lake as this year, about 3,000
are living at the hotels and cottages
about 800 come out from Warsaw daily
and almost every day has its excursion
day about ten thousand were on the
ground; yet with all this there is perfect
order. I have not heard an oath since
my arrival, and there seems to be no
need of a police force.

Excursion to Yellowstone Park.

An extensive trip to the Yellowstone Park has been arranged by the American Tourist Association of which Beau Campbell is general manager. Many people of the vicinity are going as the itinerary is leisurely and there are such long stops at all points of interest that the traveler will be able to make extended explorations of such places as Pike's Peak and Garden of Gods in Colorado. The itinerary of the tour includes a visit to the unique Salt Lake City, and long ride in sight of the Rocky Mountains. Then some features that have made those tours so popular will be prominent this year. There will be no intimacy for small parties in the Pullman sleeping and dining cars and all the drivers will be for the benefit and exclusive use of the tourists. The members of the Association have arranged for a tour of Alaska, and individual members of the association desire to continue further north the trip will be incorporated in the itinerary. The cost of tickets for these tours will include all expenses everywhere. For full particulars address A. A. Gallagher, D. P. A., 408 Vine St., Cincinnati, O.

"Bush Money Used Freely."

Lexington's Chief of Police on Saturday raided the Florentine Hotel pool rooms and closed them. John McLaughlin, manager of the Phoenix Hotel pool room, whose place has been singled out for police visitation when other similar enterprises were not molested, has issued a sensational statement in form of an interview, admitting that he paid \$600 a month for police protection and changing that when the payment of this monthly sum ceased the officers of the law renewed their attentions to him.

Elder Wm. Rhoenph, of Clark county, an Old Baptist preacher, has been pastor of Goshen Church in Clark County, Lubegend in Montgomery County, and Cane Ridge in Madison county, for fifty-five years.

Pat. Dylan, of Woodford county, has in his fifty fifth consecutive hemp crop. He says he has averaged during this time near \$6.00 per bushel. The late John H. Dylan had planted this year his sixty first crop of corn of the same variety of seed corn, his last crops being as good as any.

He secured the seed in 1849.

New corn is being sought for to the extent that offers of \$2.75 per barrel are being made.

Heretofore the markets generally, in good crop years, opened at \$1.50 per bushel.

The high price is caused by the failure of the crop.

The early crop is nearly a complete failure. The prospects are that the stock market will be flooded, because farmers do not feel like carrying cattle, hogs, etc., through the winter by paying high prices for forage. All forage and cereals are advancing daily in the local markets. An idea of the extent of the present strength can be gleaned from the fact that wheat in Texas is selling at \$1 per bushel, Hay at Kansas City is selling for about \$22—Lexington Herald.

Sixty on Marriage Fee, and Sorrows From Constable.

William B. Harris and Leslie Sergraves, hall from Paris, Ky. Each is 21 years of age. They wanted to wed.

Harris and his bride-to-be reached this city, and the former started out to get a marriage license and visited the City Hall in the belief that it was the courthouse. The document was finally secured and with clasped hands they walked to Squier Templeton's Court.

Harris is tall, while the girl is scarcely 5 feet in height. When she sat on a chair her feet did not touch the floor. The couple were united, and Harris gave his bride a resounding snick.

When informed that the cost of the transaction was \$2, Harris expressed painful surprise, as he had but \$1.72, but finally Constable Lucy helped him out of the dilemma by lending him a quarter.—Cincinnati Enquirer.

DEATHS.

MURPHY.—Mrs. Lucy Murphy, of Ezel, died August 5.

PERKINS.—Wiley Perkins, an honored citizen of Wolfe county, died near Hazel Green August 5.

HAMBY.—On Monday morning the youngest child of Ezekiel Hamby died at their home on the McClure farm on Spencer.

MURK.—H. R. Mark died at the home of his sister, Mrs. Josie Boardman, near Sideview on Friday morning, August 9, 1901.

Since January he had been frail health, but was confined to his bed only six days. He was in his 43rd year. He was a son of Wm. Murk, deceased. He leaves a brother, J. L. Mark, and two sisters, Mrs. Edmunds Josie Boardman and George Roberts. Many friends assembled at the home on Saturday at 3 o'clock and accompanied the remains to the Mark burying ground on the John Gaitskill farm, where the burial service was conducted by Bruce W. Trimble. He was kind and generous, thinking more of others than of himself. To those who mourn his loss we express our sympathy.

ROGERS.—Mrs. Mattie Anderson, wife of Clarence Rogers, of Leitchfield, had been visiting her mother, Mrs. Sarah Walker Anderson, at Gilead, for four weeks past. About one week ago she was taken ill and her health was very poor. She died on Saturday evening at 8 o'clock and was buried at the graveyard back of her home until Monday morning when heart action ceased. Had she lived until August 16 she would have been twenty-six years old. Her husband arrived here on Saturday and was constantly with her. She leaves four children from six years to two months old. At the age of twelve years she became a member of the Cumberland Presbyterian church and has always been a faithful member. A bright girl, she was educated at the school of Mrs. C. V. Collier, Leitchfield, and seven years ago was married to Mr. Clarence Rogers, of Leitchfield. As she was a lovely spirited girl so she has been as wife and mother. Funeral services will be held at her mother's residence this afternoon at 3 o'clock, conducted by Rev. T. N. Williams, of Louisville, and A. E. Carnahan, Burial in Machpelah cemetery.

That a young mother, with so many young children, should be taken seems strange, and we say it is sad to think of the loss suffered for the good relatives and kind christian friends to care for the little ones. We know the good mother would have been glad to have been spared to bring up the little ones, but God has use for her and called her to himself where a little while she will wait and then be joined by those she has left. In the presence of death the Christian can be comforted, knowing the departed can not return to the flesh plane, but the living may return. We would advise all to be careful, to prepare for the future, and may the little ones be brought up in the fear and admonition of the Lord.

UNION MEETING.

Rev. H. D. Clark occupied the pulpit at the Baptist church Sunday evening. The effort of the preacher in the defense of the Bible was plain, down on a level with the common people, beautiful in word, sublime in thought and unanswerable as yet by any of the world's in. The thoughtful audience was well pleased. That meeting will be held at the First Presbyterian church and the sermon will be preached by Rev. D. W. Robertson of the Methodists.
